LITERATURE NOTICES

Malcolm, Stanley E. 1971. *The water beetles of Maine*: including the families Gyrinidae, Haliplidae, Dytiscidae, Noteridae, and Hydrophilidae. University of Maine Tech. Bull. 48:1-49; 11 fig.

VII Congreso Nacional de Entomologia. Folia Entomologica Mexicana 23-24 (Enero, 1972). 130p. [Abstracts of papers presented at the 7th National Entomological Congress held in Mexico City, 13-16 Oct., 1970. There are several papers dealing with Coleoptera].

Entomologische Arbeiten aus dem Museum G. Frey. Vol. 22 for 1971 (edited by G. Scherer). 249p. [Contains 14 articles, mostly dealing with Coleoptera in the Frey museum. Volumes may be obtained on exchange by writing: Museum G. Frey, 8132 Tutzing bei München, Bundesrepublik Deutschland (West Germany)].

Papp, C. S. and R. A. Brown. 1970. *The magic of color printing;* for art classes, printers, and laymen who deal in printing. American Visual Aid Books. 119p.; 91 progressive prints in color. $7.50. [A useful little book for anyone contemplating color printing; noted here because it was authored by one of our members, from whom it may be ordered: Charles S. Papp, 7451 Albezzia Ln., Sacramento, CA 95828].

J. Linsley Gressitt. 1970. Biogeography of Laos. Pacific Insects Monograph. 24:573-626. [This is a part of the volume on Cerambycidae of Laos by Gressitt, Rondon, and Breuning. It is especially useful for general information desired by a taxonomist studying this part of the World].

Eastern Forest Insects by Whiteford L. Baker. 1972. USDA Forest Service Misc. Publ. 1175:1-642; 207 fig. [This is essentially a revised edition of F. C. Craighead's "Insect enemies of eastern forests", USDA Misc. Publ. 657, published in 1950. The importance of Coleoptera is exemplified by its coverage (p. 113-273). Copies may be obtained for $5.00 from the Superintendent of Documents, U. S. Government Printing Office, Washington, DC 20402 or by writing your congressman].
